The complex of works carried out allows us to conclude that it is necessary

- to fill the blocks with appropriate content,
- improve the graphic design,
- and correct errors in navigation elements' operation.

Recommendations

A circular frame containing a photograph of a desk. On the desk, there is a potted plant with green leaves in a white pot with a lace-like pattern. Next to it is a large, black, three-dimensional letter 'A'. To the right of the 'A' is a wooden block with the letter 'S' carved into it. The desk is made of light-colored wood. In the background, there is a window with white curtains and a dark metal frame. The overall lighting is soft and natural.

Thanks!

Don't ... move...

How a developer might feel
if all you do is raise bugs

"Ah, there's the bug! Don't... move... one... bit"
